C101-09 Connecting to CMRR VPN

- If you do not already have the Cisco Anyconnect Secure Mobility Client installed go to <u>https://it.umn.edu/vpn-downloads-guides</u> for downloads and instructions on how to install the correct version for your operating system
- 2. Open the Cisco Anyconnect software and select UMN Departmental Pools from the drop-down menu and click Connect

S Cisco AnyC	Connect Secure Mobility Client	(<u></u>)		×
	VPN: Ready to connect.			
_	UMN - Departmental Pools	~	Connect	
+ 0				
Q (i)				

3. Select Anyconnect-CMRR from the dropdown and enter your University x500 id and password in the appropriate fields. Select Ok.

Please enter	r your username and password.
 Group:	AnyConnect-CMRR ~
Username:	lync0167
Password:	
	8

4. You are now connected to the CMRR VPN. You can now access servers and other CMRR resources. To test that you are properly connected open a web browser and go to www3.cmrr.umn.edu. If this webpage loads you are successfully connected to the VPN.
