

U.S. Senator Amy Klobuchar

Invites You to Attend a

Mapping the Human Brain Roundtable Discussion

On Tuesday, April 30, U.S. Senator Amy Klobuchar will host a roundtable discussion on the importance of Congress supporting President Obama's new "BRAIN" Initiative – a research effort to map the human brain in hopes of finding new ways to prevent and cure brain disorders such as Alzheimer's, autism, epilepsy, and Parkinson's disease.

Senator Klobuchar will be joined by Dr. Kamil Ugurbil, Director of the Center for Magnetic Resonance Research at the University of Minnesota. Also attending will be representatives of the Alzheimer's Association of Minnesota and North Dakota, the National Parkinson Foundation Minnesota, the Epilepsy Foundation Minnesota, and the Autism Society of Minnesota.
